

Reward and Competition Kit

Printable awards, tokens, and competition rules. Many ways to win, not just speed.

COMPETITION RULES

- Every activity is scored out of 100 points. Scores reward design, clean data, teamwork, and explanation, not just the fastest finish.
- Each team keeps rotating roles: captain, safety lead, builder, tester, data lead, presenter.
- Best 9 of 12 primary scores count toward the final leaderboard, so one rough activity will not sink a team.
- A 20-point redesign improvement or a strong evidence defense earns a comeback bonus.
- Standings are posted as top three plus growth awards. Individual score slips stay private.
