Print at **100%**. Align this page's 72 cm edge with the previous page. Tape the pages flat in number order; use a long tape for a lane beyond 108 cm.

Drop-lane strip • 90–108 cm

Print at **100%**. Align this page's 90 cm edge with the previous page. Tape the pages flat in number order; use a long tape for a lane beyond 108 cm.

Landing-zone target

Lay the target flat where staff pick down the lane and line the crosshairs up with the lane center. A higher ring number is a better landing.

Ring 1

Outer ring. Your seed touched the target.

Ring 2

Good aim. Getting closer.

Ring 3

Close to the center.

Ring 4

Bullseye, right on the dot.
