

Order deck + bin address tags (cut apart)

Hand a team one order card at a time. They plan the shortest collision-free route across the mat, then run it and log the time. The address tags below can be cut and taped onto real bins/cups if you build a physical mat.

Order 1

A2

A5

B1

Plan the shortest route. Route: _____ Time: _____

Collisions: _____

Order 2

C3

A3

D6

Plan the shortest route. Route: _____ Time: _____

Collisions: _____

Order 3

B4
